

WHAT IS THE MS DOME THEATER®?

IT IS AN  
INFLATABLE  
MOBILE DOME  
THEATER, WHICH IS  
IMMERSIVE, SAFE, AND  
PERFECT FOR OUTDOOR OPERATIONS.

THE MS DOME THEATER® IS THE IDEAL  
STRUCTURE FOR PLANETARIUMS, LABORATORIES,  
CLASSROOMS, ITINERANT AUDITORIUMS AND  
IMMERSIVE VIRTUAL REALITY PROJECTIONS WITH  
360° FIELD OF VIEW.

## USES AND APPLICATIONS

- Social and entertainment activities and workshops.
- Corporate and VIP events.
- Product launching.
- Advertising campaigns.
- Special offers.
- Brand activation (branding).
- Fair booths.
- Social awareness, prevention and corporate responsibility projects.

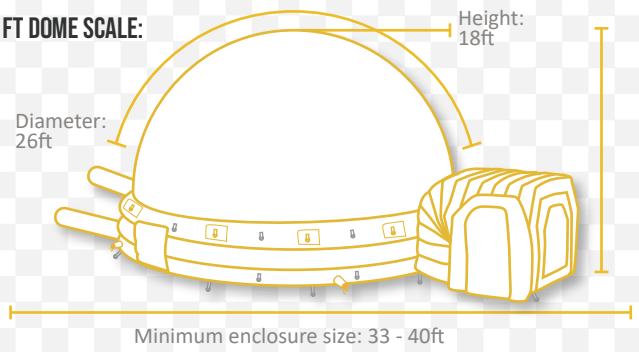

A SOLUTION THAT ENHANCES  
TECHNOLOGY, EDUCATION AND ENTERTAINMENT  
CONCEPTS.

## COMPETITIVE ADVANTAGES

Ideal for day and night outdoor operations, has spherical shape projection screen and boasts ease of access - even for those with limited mobility conditions.

### 26 FT DOME SCALE:

## CAPACITY:

15 - 100 seats.

## COMPONENTS:

Suitable digital theaters according to the MSDOME size in order to provide a 360 high resolution screen.

Cutting-edge projectors that provide high brightness and full color.

Redundant power supply / Air conditioner system / High definition sound system / Surround audio.

Adaptable and varied seats for the accommodation necessities.

Convenient mobility.

Production of customized full dome shows and movie galleries or billboards.

Required safety standards.

## AVAILABLE SIZES: (DIAMETER)

6m • 8m • 10m • 12m  
19ft • 26ft • 32ft • 40ft

## CHARACTERISTICS:

- Simple, procedural installation and removal.
- In visits with multiple attendees, we offer projections in shifts of ten minutes to an hour. Average visits: 500 to 1500 per day.
- Additional structure that isolates the MSDOME from UV rays and maintains a comfortable temperature in warm weather conditions.
- Can be installed in conventional surroundings, such as lawns, concrete and synthetic floors.
- Contains emergency exits, anchored to ballast weight bags for steadiness, ensuring audience safety.
