  - Laboratories

**SOLUTIONS WHICH BOLSTER TECHNOLOGY, EDUCATION AND ENTERTAINMENT CONCEPTS.**

### PROJECT YOUR BUSINESS:

Promote your organization through campaigns that include high-impact solutions. Our solution offers companies an unconventional stage to develop their organizational strategies, product marketing or corporate social responsibility plans.

### VIP BUSINESS ROOM:

Show off your business with an innovative communication, launching and advertising strategy.

## APPLICATIONS

### TEACHING ROOM:

Provide your students with an interactive educational experience in which imagination is the limit.

### IMMERSIVE ART:

Experiment art in a different way, through an immersive and didactic concept where the work, the authors and other characters are brought back to life.

### CONCERTS AND EVENTS:

Live and enjoy the world's most spectacular concerts and musical events with the latest technology that allows you to reach an immersive connection.

### PLANETARIUM:

Recreate scenarios where the audience will be able to start a wonderful journey to space.

360° SOLUTION STATIC SYSTEM • PROYECTA

## COMPETITIVE ADVANTAGES

- Specialized architecture
- Low-cost of implementation and maintenance
- Quick implementation and personalization
- Secure semi-permanent structures that don't require special permits for building and operation
- Ideal for exhibitions with high numbers of visitors
- Immersive environment without glasses or any additional items
- Digital theater with video and audio inside
- Complementary systems which increase visitor impact (olfactory sensations, tactile and movement system)
- Versatility in the development of digital contents that allows easy theme changes, according to seasons and events
